HIPAA Notice Of Privacy Practices

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

A. INTRODUCTION

During the course of providing services and care to you, Vi at Palo Alto (the Community) may gather, create, and retain certain personal information about you that identifies who you are and relates to your past, present, or future physical or mental condition, the provision of health care to you, and payment for your health care services. This personal information is characterized as your “protected health information,” or “PHI.” This Notice of Privacy Practices describes how we maintain the confidentiality of your PHI, and informs you about the possible uses and disclosures of such information. It also informs you about your rights with respect to your PHI.

B. OUR RESPONSIBILITIES

We are required by federal and state law to maintain the privacy of your PHI. We are also required by law to provide you with this Notice of Privacy Practices that describes our legal duties and privacy practices with respect to your PHI. We will abide by the terms of this Notice of Privacy Practices. We reserve the right to change this or any future Notice of Privacy Practices and to make the new notice provisions effective for all PHI that we maintain, including PHI already in our possession. If we change our Notice of Privacy Practices, we will personally deliver or mail a revised notice to you at your current address. In addition, the Notice of Privacy Practices is available at the Community and on our website at www.PaloAlto.ViLiving.com.

C. USE AND DISCLOSURE WITH YOUR AUTHORIZATION

We will obtain a written authorization from you before we use or disclose your PHI, unless a particular use or disclosure is expressly permitted or required by law without your authorization (see section D). You are not required to sign an authorization form as a condition to obtaining treatment or having your care paid for. If you sign an authorization, you may revoke it at any time by written notice. Thereafter, we then will not use or disclose your PHI, except where we have already relied on your authorization.

D. HOW WE MAY USE AND DISCLOSE YOUR PHI WITHOUT YOUR AUTHORIZATION

We will use or disclose your protected health without your written authorization in the following circumstances:

1. Your Care and Treatment

We may use or disclose your PHI to provide you with or assist in your treatment, care, and services. For example, we may disclose your health information to health care providers who are involved in your care to assist them in your diagnosis and treatment, as necessary. We may also disclose your PHI to individuals who will be involved in your care if you leave the Community.

2. Billing and Payment

i. Medicare, Medicaid and Other Public or Private Health Insurers – We may use or disclose your PHI to public or private health insurers (including medical insurance carriers, HMOs, Medicare, and Medicaid) in order to bill and receive payment for your treatment and services that you receive at the Community. The information on or accompanying a bill may include information that identifies you, as well as your diagnosis, procedures, and supplies used.

ii. Health Care Providers – We may also disclose your PHI to health care providers in order to allow them to determine if they are owed any reimbursement for care that they have furnished to you and, if so, how much is owed.

3. Health Care Operations

We may use or disclose your PHI for our health care operations at the Community. These uses and disclosures are necessary to manage the Community and to monitor our quality of services and care. For example, we may use your PHI to review our services and to evaluate the performance of our staff in caring for you.

4. Providing Basic Information about Residents

We may provide certain basic information about a resident to persons who ask for the resident by name and to members of the clergy. Unless you notify us that you object, we will disclose your name, your location at the Community, and your general condition to anyone who asks for you by name. We may also disclose your name, your location at the Community, your general condition, and your religious affiliation to members of the clergy.

5. Family Members and Close Personal Friends

Unless you specifically object, we may disclose to a family member, other relative, a close personal friend, or to any other person identified by you, all PHI directly relevant to such person's involvement with your care or directly relevant to payment related to your care. We may also disclose your PHI to a family member, personal representative, or other person responsible for your care to assist in notifying them of your location, general condition, or death.

6. Disclosures within Vi at Palo Alto/Directory

Unless you specifically object, we may disclose certain general information about you (e.g., past activities, present interests, birthday, and location if hospitalized) to persons within the Community, including other residents and staff, by means such as newsletter or bulletin board. We may create a resident directory to be shared with staff and other residents.

7. Workforce Members

Members of our workforce may share residents' PHI with one another to the extent

necessary to permit them to perform their legitimate functions on our behalf.

8. Business Associates

We may contract with certain individuals or businesses to provide services on our behalf. Examples include data processing, quality assurance, legal, or accounting services. We may disclose your PHI to business associates, as necessary, to allow business associates to perform their functions on our behalf. We require business associates to enter into contracts with us that obligate them to comply with HIPAA and maintain the confidentiality of your PHI.

9. Abuse Reporting

We will disclose PHI about a resident who is suspected to be the victim of elder abuse, neglect, or domestic violence, to the extent necessary to complete any oral or written report mandated by law. Under certain circumstances, we may disclose further PHI about the resident to aid the investigating agency in performing its duties. We will promptly inform the resident about any such disclosure, unless we believe that informing the resident would place the resident in danger of serious harm, or would be informing the resident's personal representative, whom we believe to be responsible for the abuse, and believes that informing such person would not be in the resident's best interest.

10. Licensing, Certification, Accreditation, and Health Oversight

We may disclose your PHI to any government or private agency, such as to the state licensing agency, the federal Centers for Medicare and Medicaid Services, and CMS administrative contractors, responsible for licensing, certifying, or accrediting the Community so that the agency can carry out its oversight activities. These oversight activities include audits; civil, administrative, or criminal investigations; inspections; licensure or disciplinary actions; civil, administrative, or criminal proceedings or actions; or other activities necessary for appropriate oversight.

11. Peer Review, Utilization Review, and Quality Assurance

We may disclose PHI to those parties responsible for peer review, utilization review and quality assurance.

12. Legal Process

We will disclose PHI in accordance with an order of a court or of an administrative tribunal of a government agency. We will disclose PHI in accordance with a valid subpoena issued by a party to adjudication before a court, a grand jury, an administrative tribunal, or a private arbitrator.

13. Law Enforcement Agencies and Officials

We will disclose PHI to law enforcement agencies in accordance with a search warrant, a court order or court-ordered subpoena, or an investigative subpoena or summons. In addition, we may disclose such information as necessary to assist law enforcement officials investigating crimes involving residents.

14. Disaster Relief

We may disclose your PHI to a public or private entity authorized to assist in

disaster relief efforts.

15. Public Health Activities

We may disclose your PHI to any public health authority that is authorized by law to collect it for purposes of preventing or controlling disease, injury, or disability.

16. Marketing

We may use your PHI or disclose it to business associates in order to inform you about treatment alternatives or health-related benefits and services that may be of interest to you, to make face-to-face communications with you about a service or product, or to provide you with a promotional gift of nominal value. Otherwise, we will obtain a specific written authorization from you or your personal representative before using or disclosing PHI for marketing purposes.

17. Sale of PHI

We may disclose your PHI for remuneration in certain limited circumstances, such as where a government agency reimburses us for our expenses in providing information for public health purposes. Otherwise, we will obtain a specific written authorization from you or your personal representative before receiving reimbursement for using or disclosing your PHI.

18. Coroner, Medical Examiner, or Funeral Director

We may disclose PHI to a coroner or medical examiner where the coroner or medical examiner requests the information to identify a decedent or to investigate deaths that may involve public health concerns, suspicious circumstances, elder abuse, or in other instances authorized by law. We may disclose PHI to a funeral director to allow them to carry out their duties.

19. Organ Procurement

If you are an organ donor, we may disclose your PHI following your death to an organ procurement agency or tissue bank in order to aid in using your organs or tissues in transplantation.
